
2023 Civil Air Patrol – Texas Wing Conference

Overview

We want to encourage all members to attend the conference. The goal is to bring our members together to provide education and information as well as honor our annual award winners. Much like other CAP events, there is an opportunity to network and share knowledge with members outside of our normal meeting areas.

We have organized an engaging event with classes on Thursday and Friday, activities Friday evening, a full day of sessions covering a variety of topics on Saturday, a Commander's Call and visit to Space Center Houston on Sunday. All tickets are purchased through Eventbrite. Additional details and links available at [Texas Wing web site](#).
